

Beet Pasta

3-serving version

Ingredients

Ingredient	Amount
Pasta	1/2 lb, about 8 oz
Raw beets	4 oz, peeled and cubed, about 1/2 large beet
Full-fat canned coconut milk	3/8 cup, or 6 tbsp
Low-sodium vegetable broth	1/4 cup
Lemon juice	1 tbsp
Garlic	1-2 cloves
Nutritional yeast	1 tbsp, optional
Salt	1/4 tsp
Black pepper	To taste
Reserved pasta water	3/8 cup, or 6 tbsp
Crumbled vegan feta	Optional topping

Instructions

- 1 Cook the pasta according to package directions. Before draining, reserve 3/8 cup, or 6 tbsp, of pasta water. Drain and set pasta aside.
- 2 In a high-speed blender, combine the beets, coconut milk, vegetable broth, lemon juice, garlic, nutritional yeast, salt, and black pepper.
- 3 Blend for 30 seconds to 1 minute, until smooth and creamy. Taste and adjust with more salt or lemon juice if needed.
- 4 Pour the sauce into the same pot used for the pasta. Add the reserved pasta water.
- 5 Bring to a simmer and cook over medium-low heat for about 10 minutes, stirring occasionally, until thickened.
- 6 Add the cooked pasta and stir to coat.
- 7 Cook for another 2-3 minutes until the sauce thickens and clings to the pasta.
- 8 Serve warm, topped with crumbled vegan feta if desired.

Note: This version is half of the original 6-serving recipe.
